

Data Use & Access Policy

The data contained in the EEGHUB.GE database are made available solely for research and educational purposes. Any individual or organization wishing to access, use, analyze, share, or publish results based on these data must first obtain explicit written permission from the database owner Ms. Irma Khachidze.

User Responsibilities

All users are expected to adhere to the following requirements:

1. Request and receive written authorization before accessing or using the data in any form.
2. Respect participant privacy and confidentiality throughout all stages of use.
3. Use the data only for the purpose explicitly stated in the written authorization.
4. Properly acknowledge EEGHUB.GE as the data source in any publication, presentation, or report.
5. Refrain from redistributing the data to any third party without prior written permission from the database owner.
6. Comply with all applicable ethical, legal, and institutional requirements governing research data use.

Unauthorized use of the EEGHUB.GE database is considered a serious ethical violation and may constitute an infringement of intellectual property rights, privacy protections and research ethics standards.
